## Memo: # 2R  (Bike and Electric Auto Rental)

# DBDS DataBase Design Specialists, Inc.

"We are always 5NF."

**To:**      Hampshire, Jason NN:15, DA
**From:**    Design Team Leader
**Subject:**   Revised LDM and PDM
**Date:**     October 25, 2021

You might want to review the details of your functional dependency analysis as you make any needed adjustments in your LDM design.  After completing any refinements needed, create the PDM with data types that are proper for the data supplied.

Presumably your ERWin file is named BEAR**nn**.erwin where **nn** is your number.

Then look for an assignment on Canvas and attach your ERWin file..
